CRANE *quality* MODERN BATHROOM FIXTURES

Your bathroom represents a permanent investment. The fixtures you select should not only give you the beauty and charm you want but they should be built to stand up under years of hard service.

In selecting Crane, the best-known name in plumbing, you are assured the finest fixtures that can be produced—fixtures that are new in styling with many advanced engineering features.

The Crane line includes fixtures of Duraclay, vitreous china, porcelain enamel on cast iron and formed metal porcelain enamel. Here are Crane quality bathroom groups and individual fixtures in white and a wide range of colors—priced to meet any budget.

CRANE CO., 836 S. MICHIGAN AVE., CHICAGO 5, ILL.

NEW BEAUTY FOR THE BATHROOM WITH...

matched bathroom groups

Crane offers to home owners attractive groups of matched bathroom fixtures in a wide price range. These new Crane fixtures are styled to complement each other and possess a unity of design that adds to the beauty of the group. It is this harmonious styling and attention to detail that make Crane bathroom fixtures the favored choice.

Regardless of the type of home you are equipping, you will find just the bathroom group to suit your requirements in the extensive Crane line.

CRANE COLORED FIXTURES

Crane fixture colors are white and eight attractive pastel shades:

Sun Tan	India Ivory
Pale Jade	Citrus Yellow
Sky Blue	French Grey
*Shell Pink	Persian Red

These colors are fired into the glass-hard glaze of the fixture and there is no possibility of colors fading or changing.

Crane colored fixtures permit a wide range of bathroom or powder room color scheme to suit any individual taste.

*Availability subject to check with Crane Branch or wholesaler.

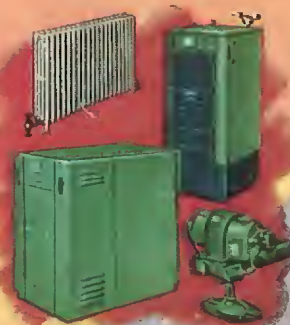

CRANE EQUIPMENT For Your Kitchen

The same high quality that characterizes Crane bathroom fixtures is available in kitchen equipment. The Crane line includes a wide choice of sinks with cabinets or for counter-top installation. Here you will also find cabinets, dishwashers, disposal units, ventilating fans.

CRANE EQUIPMENT For Your Heating System

Regardless of the type of heating you prefer, or the fuel you wish to burn, the complete Crane line includes all equipment—boilers, Compac radiators, radiant baseboard panels, convectors, oil and gas burners, stokers, controls, water specialties, pipe, valves and fittings.

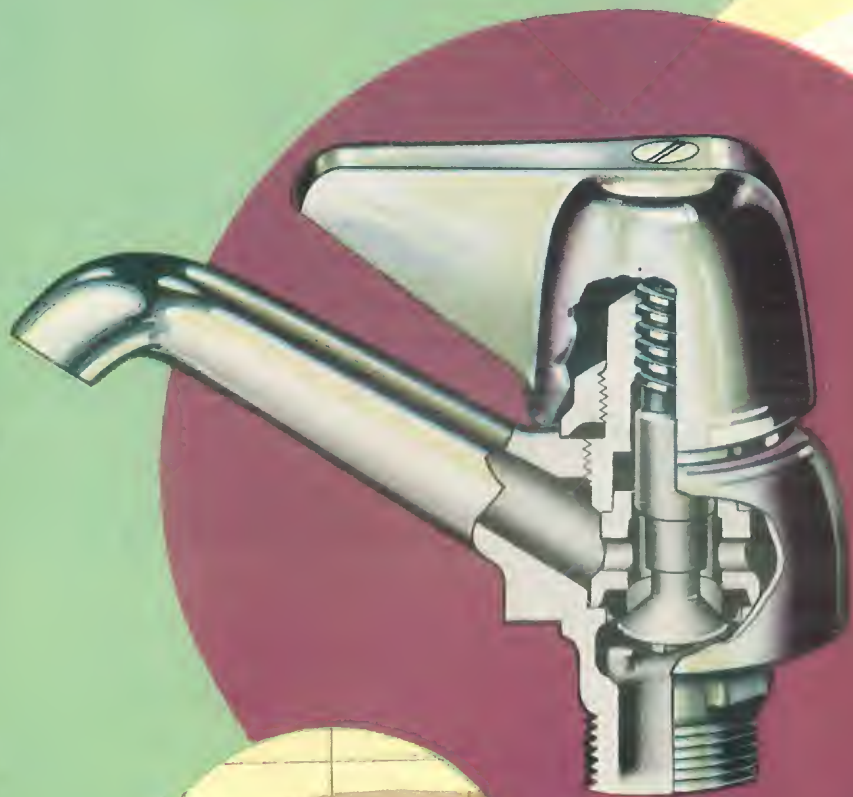

CRANE *Dial-ese* CONTROL EXCLUSIVE ON ALL CRANE FIXTURES

A finger's touch and the faucet opens—another and it closes. All Crane faucets and supply fittings with *Dial-ese* controls actually operate that easily. But most important, because *Dial-ese* opens and closes so effortlessly, wear and consequent drippings are greatly reduced.

Another refinement which prolongs the life of *Dial-ese* faucets and supply fittings is the self-contained cartridge which combines all working parts in one compact unit. This single *Dial-ese* cartridge fits all Crane faucets and may be easily replaced at any time.

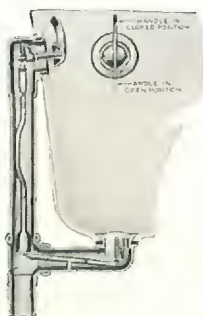

Dial-ese faucets and supply fittings are a featured part of all new Crane fixtures. Choose either the beautiful *Temple* trim with its gleaming dome-shaped handles, or the compact, efficient *Quality* trim in *Whitney*, *Regal* or *Olympia* design. Efficient *Dial-ese* faucets for replacement in existing fixtures are also available in *Vantage*, *Embassy* and *Neu-Rainier* designs.

OTHER EXCLUSIVE CRANE FIXTURES

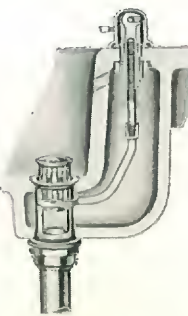

ACCESSO WASTE

An efficient, concealed bath waste and overflow that permits rapid draining at the touch of a lever. All parts are easily accessible.

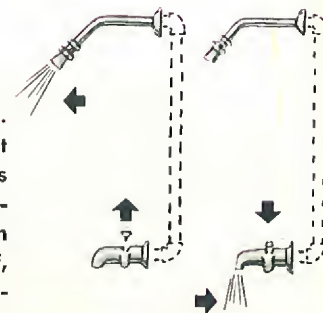

SECURO WASTE

This lever action lavatory waste is designed to drain the basin so rapidly that the resulting rush of water helps clean the basin.

DEVIATOR SPOUT

Turn on water for tub. For shower, just lift Deviator knob. There's no inadvertent dousing because when shower is shut off, water is again directed to spout.

THE *diana* BATHROOM

The beautiful fixtures in the Crane *Diana* group feature a distinctive styling that will satisfy the most discriminating taste. Here, too, are comfort and completeness, keyed to the needs of modern living. Included in the Crane *Diana* group is the smart, rectangular *Neuvogue* receptor bath with its comfortable corner seat. The compact, dental lavatory adds a further note of utility. Quality constructed throughout, the carefully matched *Diana* group will create a bathroom de luxe in any home.

DIANA LAVATORY 1-100-L

An attractive, flat top lavatory with spacious, semi-oval basin and splash lip. Made of gleaming, easy-to-clean vitreous china. Trim is the chromium-plated 8-10 Temple with *Dial-ese* controls and lever-action *Securo* waste. Features 8-700 Temple chromium-plated, square metal legs and 8-691 Temple all metal towel bars.

Sizes: 24 x 20 in. 27 x 21 in. 33 x 22 in.
Basin: 18 x 11 in. 21 x 12 in. 23 x 13 in.

DREXEL DENTAL LAVATORY 1-118

A modern aid to home hygiene. Made of gleaming vitreous china with a sanitary integral spout. Trim is the sparkling Temple design with *Dial-ese* controls.

Size: 14 x 14 in. Back: 3 in. Basin: 8½ in. diameter

CRITERION CLOSET 3-100

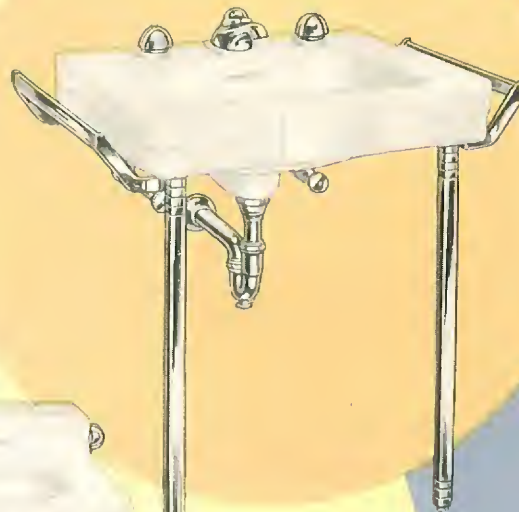

Made of sparkling, sanitary vitreous china and features a modern, close coupled design with elongated rim. The efficient siphon jet whirlpool action assures quiet, positive flushing. Seat and cover are of *Mol-Tex*, and the telescopic cover completely encloses the top of the bowl.

Size: Overall height, 31¾ in. Width of tank, 21 in. Extension, wall to front, 31 in.

NEUVOGUE RECEPTOR BATHTUB 2-50

Distinctively styled, acid-resisting cast iron enameled receptor bathtub with an integral corner seat. The rectangular design of the *Neuvogue* receptor bath permits installation in space of unusual proportion. Although only 48 inches long, full bathing area is provided. The flat bottom and comfortable rim seat are important safety features. Chromium-plated trim is the 2-320 Temple Deviator overrim supply and shower with *Dial-ese* controls. Accessory pop-up waste and overflow. Available in right and left-hand outlet.

Length: 48 in. Width: Ends 41 in.
Width: Center 46 in. Height: 16 in.

THE *drexel* BATHROOM

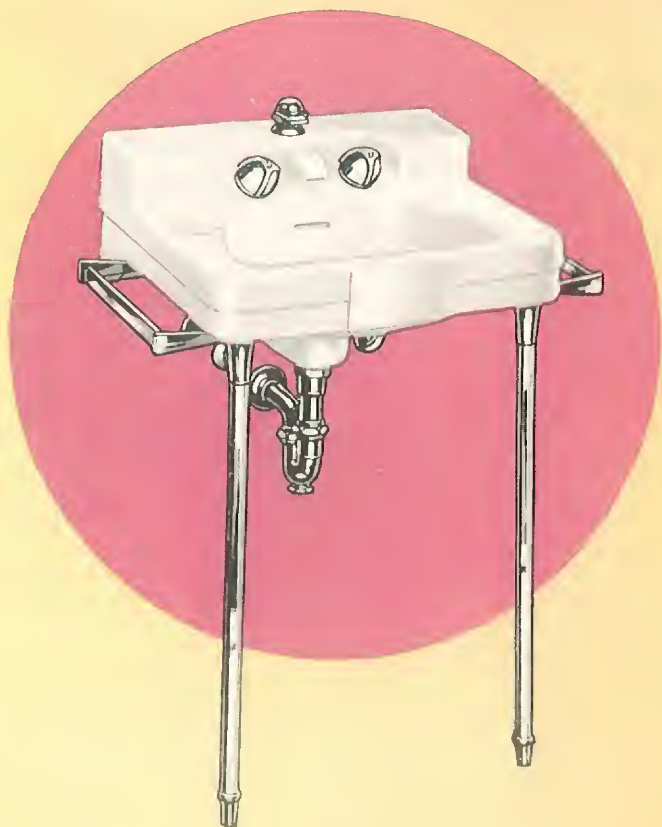

Functional beauty and commodious design characterize the gleaming fixtures in the Crane *Drexel* group. From the smart shelf-back lavatory, the modern bathtub with its flat safety bottom, to the quiet close coupled closet, nothing has been overlooked that could contribute to comfort and convenience. There is also a unified styling to this group which adds a pleasing note of charm. In such a setting as this or in a room of individual design, the Crane *Drexel* group will assure a full measure of satisfaction.

DREXEL LAVATORY 1-110-J

A sparkling easy-to-clean lavatory with modern, clean-cut styling. Features an integral china spout, large semi-oval basin with splash lip, raised shelf back and handy soap depression. The chromium-plated 8-9 *Temple* trim with *Dial-ese* controls is mounted in a recessed angle panel. Lever-action *Securo* waste fitting. Chromium-plated hexagon legs shown are 8-705 *Crestmont*—towel bars, 8-697 *Crestmont*.

Sizes: 22 x 18 in. 27 x 21 in.
Basin: 17 x 10½ in. 21 x 12 in.

CRITERION RECESS BATHTUB 2-82

The *Criterion* recess bathtub in the room setting at left is of cast iron enameled construction. It has a wide, comfortable rim seat and a flat bottom for safety and convenience. Trim shown is 2-320 *Temple Deviator* overrim supply and shower with *Dial-ese* controls. Access pop-up waste and overflow. Available in right or left-hand outlet.

Sizes: 60 x 32½ x 16 in. 66 x 32½ x 16 in.

CRITERION CORNER BATHTUB 2-70

As a second choice, there is the handsome *Criterion* corner bathtub, at right, with its smooth rounded lines and spacious bathing area. Of glistening cast iron enameled construction, this modern corner bathtub also features a wide rim seat and flat bottom for safety. Trim shown is 9-25 *Temple Dial-ese* overrim supply without shower. Access pop-up waste and overflow.

Size: 61 x 32½ x 16 in.

DREXEL CLOSET 3-120

Smartly styled, close-coupled, regular rim closet made of sanitary vitreous china. The efficient, whirlpool jet action of the *Drexel* assures quick, thorough flushing. Seat illustrated is the 3-914 white sheet covered. For the *Drexel* closet with an elongated rim, specify 3-121.

Size: Overall height, 30 in. Width of tank, 21¾ in. Extension, wall to front—regular rim, 28 in., elongated rim, 30 in.

THE *Marcia* BATHROOM

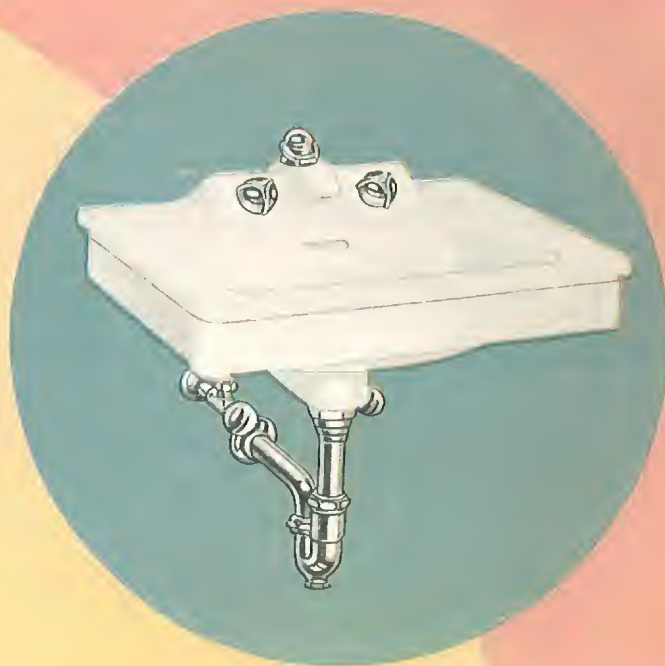

To those who favor the different, the completely functional, the Crane *Marcia* group has special appeal. The delightful charm of this room owes much to the built-in, counter-top lavatory which in this case combines washing facilities with make-up or dressing table. The possibilities, of course, are unlimited. Other fixtures in this attractive group are strikingly modern, and perfect companion pieces to the unique built-in Crane *Marcia* lavatory.

MARCIA LAVATORY 1-275-J

Gleaming vitreous china counter-top lavatory with raised beveled panel, integral spout and spacious semi-oval basin with splash lip. Features 8-9 chromium-plated *Temple Dial-ese* trim and lever-action *Securo* waste. Design of this unique lavatory permits installation in counter top of tile, linoleum, glass, wood, plastic and other materials.

Size: 24 x 21 in. Basin: 17 x 10½ in.

CRITERION RECESS BATHTUB 2-82

The beautifully proportioned *Criterion* recess bathtub in the room at left is of gleaming cast iron enameled construction. It has a wide, comfortable rim seat, flat bottom and 16 in. height for safety and convenience. Chromium-plated trim shown is the 2-320 *Temple Deviator* overrim supply and shower with *Dial-ese* controls. Accesso pop-up waste and overflow. Available in right or left-hand outlet.

Sizes: 60 x 32½ x 16 in. 66 x 32½ x 16 in.

CRITERION RECESS BATHTUB 2-80

The *Criterion* recess bathtub illustrated at right is identical to the above, but trim shown is 9-25 *Temple Dial-ese* overrim supply fitting without shower. Accesso pop-up waste.

CRITERION CLOSET 3-101

A modern, close-coupled closet with elongated rim, made of gleaming, easy-to-clean vitreous china. The efficient siphon jet whirlpool action assures quiet, positive flushing. The white *Mol-Tex* saddle seat assures comfortable, correct posture.

Size: Overall height, 31¾ in. Width of tank, 21 in. Extension, wall to front, 31 in.

THE *oxford* BATHROOM

Here is a pleasant setting for the smartly styled fixtures that comprise the Crane *Oxford* group. But no matter what decorative treatment you choose for your bathroom, you'll find the moderately priced *Oxford* group a wise choice. The lavatory and closet are gleaming, easy-to-clean vitreous china. The bathtub is made of smooth, acid-resisting Crane *Duraclay*. Adding further to the beauty of the group is the chromium-plated trim with *Dial-ese* controls that turn with finger-tip pressure. As a final note of completeness, a distinctive panel design relates each fixture in the group.

OXFORD LAVATORY 1-125-E

A modern and attractive lavatory of gleaming vitreous china. Features a spacious rectangular basin and handy soap depression. A flat shelf back provides a place for bathroom necessities, and all controls are conveniently mounted on a beveled panel. The chromium-plated trim is the 8-130 *Whitney* with *Dial-ese* controls and direct lift waste. The Oxford lavatory is also equipped with 8-697 *Crestmont* chromium-plated towel bars and 8-708 *Crestmont* chromium-plated round metal legs.

Sizes: 19 x 17 in. 20 x 14 in.
Basin: 14 x 11 in. 15 x 9 in.

This lavatory is also available in 26 x 14 in. size as Oxford 1-130-E. Trim same as above except has 8-705 *Crestmont* hexagon metal legs.

Size: 26 x 14 in. Basin: 17¼ x 9 in.

OXFORD RECESS BATHTUB 2-126

The modern Oxford recess bathtub illustrated in the room at left is constructed of *Duraclay*, the exclusive Crane vitreous glazed earthenware material that has been so enthusiastically received in hospital and residential service. It resists thermal shock, defies abrasion and is impervious to acids. The Oxford bathtub has a flat bottom and low 14-inch height for safety and convenience. It has a non-splash rim which also serves as safety handhold.

Chromium-plated trim is the 2-305 *Regal Deviator* overrim supply and shower with *Dial-ese* controls. Access pop-up waste and overflow. Available in right or left-hand outlet.

Sizes: 54 x 27 x 14 in. 60 x 27 x 14 in.
No slope at head end of 54 in. size.

OXFORD CORNER BATHTUB 2-104

A companion Oxford bathtub in a corner design is also available. It features *Duraclay* construction, flat bottom and low 14-inch height. The Oxford corner bathtub is also available in right or left-hand outlet and matches perfectly the other fixtures in the Oxford group. Trim illustrated at right is the 9-35 *Regal Dial-ese* overrim supply fitting without shower. 9-51 *Crestmont* connected waste and overflow with chain and stopper.

Size: 60 x 27 x 14 in.

OXFORD CLOSET 3-140

The smartly styled Oxford closet is made of vitreous china and has a smooth, gleaming surface that is easy to clean and easy to keep clean. Features a modern close-coupled design and quiet, efficient whirlpool jet flushing. White solid plastic seat illustrated is the Crane-Line No. 50.

Size: Overall height, 28½ in. Width of tank, 21¾ in. Extension, wall to front, 27½ in.

THE *Neuday* BATHROOM

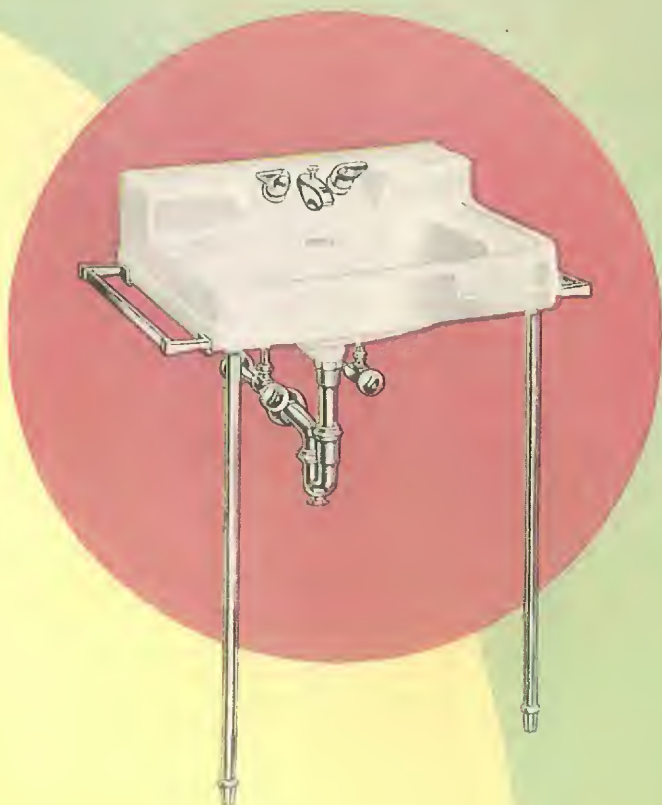

There is a clean-cut styling to the fixtures in the Crane *Neuday* group that makes them favorites for small or medium sized homes. Incorporating all the design and construction refinements of higher priced groups, the Crane *Neuday* group is nonetheless within the means of the average home owner. The sparkling finish of the perfectly matched fixtures, the striking chromium-plated trim and the built-in Crane quality are your assurance of complete satisfaction.

NEUDAY LAVATORY 1-460-E

Smartly styled, shelf-back lavatory of cast iron enameled construction. Has a generous size rectangular basin and molded-in soap depression. Chromium-plated 8-130 *Whitney* trim with *Dial-ese* controls and direct lift waste fitting mounted on beveled panel. 8-698 *Crestmont* chromium-plated towel bars. Lavatory may also be supplied with 8-709 *Crestmont* chromium-plated round legs as *Neuday* 1-455-E.

Sizes: 19 x 17 in. 24 x 18 in.
Basin: 15½ x 10½ in. 16 x 11 in.

NEUDAY RECESS BATHTUB 2-96

An attractively styled recess bathtub of cast iron enameled construction with a smooth, gleaming sanitary surface. It has a flat bottom for safety, and the low 14-in. height makes stepping in and out easy. Chromium-plated trim shown in the room setting is 2-305 *Regal Deviator* overrim supply and shower with *Dial-ese* controls. 9-56 *Crestmont* pop-up waste and overflow. Available in right or left-hand outlet.

Sizes: 54 x 30½ x 14 in. 60 x 30½ x 14 in.
No slope at head end of 54 in. size.

NEUDAY RECESS BATHTUB 2-94

The fixture shown at right is identical to bathtub above but is equipped with chromium-plated 9-35 *Regal Dial-ese* overrim supply fitting without shower. 9-51 *Crestmont* connected waste and overflow.

NEUDAY CLOSET 3-160

Attractive close-coupled closet made of smooth, gleaming vitreous china that is easy to clean and easy to keep clean. The quiet, self-draining jet gives quick, positive flushing. 3-912 sprayed white seat and cover.

Size: Overall height, 28½ in. Width of tank, 21¾ in. Extension, wall to front, 27¼ in.

THE *Laboma* BATHROOM

With a style all its own, the compact *Laboma* group provides a perfect solution to many space problems. Complete in every way, the *Laboma* group is particularly suitable for small homes . . . or for a second or downstairs bathroom in homes of larger size. The unique receptor bathtub measures only 42 x 31 inches, yet provides facilities for comfortable foot, sponge or shower bathing. Because of its compactness, even the smallest bathroom takes on an air of uncrowded efficiency.

YORKSHIRE LAVATORY 1-295-C

Attractively styled shelf back lavatory made of gleaming, easy-to-clean vitreous china. Semi-oval basin provides generous washing area. Splash lip and soap depression are added features. Chromium-plated trim is the 8-121 *Olympia* with *Dial-ese* controls and direct lift waste. Chromium-plated round metal legs illustrated are *Crestmont* design 8-708.

Size: 20 x 18 in.

18 x 15 in.

Basin: 15½ x 11¼ in.

14 x 8½ in.

(With or without legs)

OXFORD CLOSET 3-140

An ideal fixture to complete the compact *Lahoma* group. Modern close-coupled closet made of gleaming vitreous china. Efficient whirlpool action bowl with self-draining jet. Seat illustrated is Crane Line solid plastic No. 50.

Size: Overall height, 28⅞ in. Width of tank, 21¾ in. Extension, wall to front, 27½ in.

LAHOMA RECEPTOR BATH 2-133

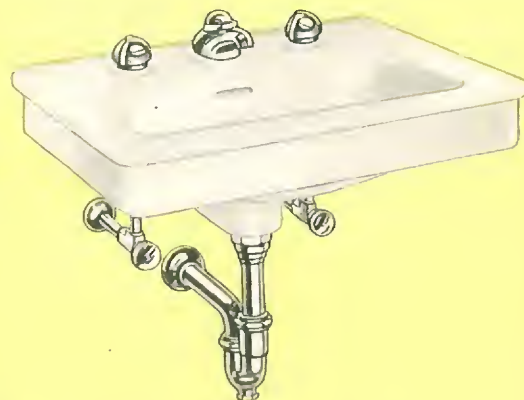

Compact receptor bath made of smooth, gleaming, easy-to-clean *Duraclay*, the exclusive Crane vitreous glazed earthenware material that withstands thermal shock, defies abrasion and resists action of household acids. Requiring minimum space for installation, the *Lahoma* bath provides facilities for foot, sponge or shower bathing. It has a comfortable corner seat, non-splash rim and features a flat bottom and low 12 in. height for safety and easy access. Chromium-plated trim is 2-305 *Regal Deviator* overrim supply fitting and shower with *Dial-ese* controls. *Crestmont* pop-up waste and overflow. Available in right or left-hand outlet.

Size: 42 x 31 x 12 in.

THE *elayne* POWDER ROOM

Tile sets the scheme of this attractive powder room built around the gleaming *Elayne* counter-top lavatory. Efficient beauty such as this is a special talent of Crane counter-top lavatories, for they permit a room treatment tailored to the individual taste. Although the Crane *Elayne* lavatory is shown here in a powder room setting, it is equally at home in rooms of larger size.

ELAYNE COUNTER-TOP LAVATORY 1-270-L

Handsome vitreous china lavatory in the new counter-top design. Features a spacious semi-oval basin with splash lip. Chromium-plated trim is the 8-10 Temple with *Dial-ese* controls and lever-action *Securo* waste.

Size: 27 x 20 in. Basin: 21 x 11 in.

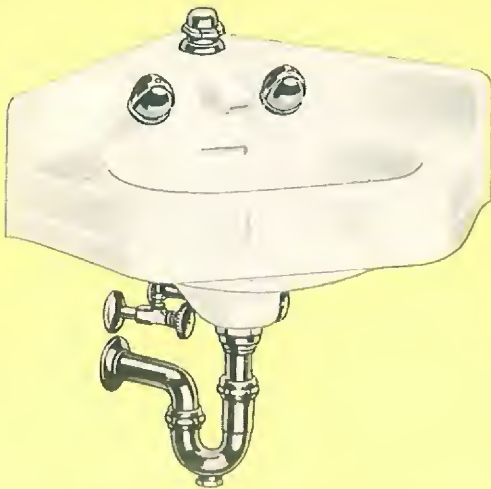

CRITERION CLOSET 3-100

Distinctive elongated rim *Criterion* closet is a perfect companion fixture for the striking counter-top lavatory. Made of gleaming vitreous china in the correct posture design. Flat top telescopic cover completely encloses top of the bowl. Efficient siphon jet whirlpool action provides quiet, positive flushing.

Size: Overall height, 31 3/8 in. Width of tank, 21 in. Extension, wall to front, 31 in.

THE *Vivian* POWDER ROOM

VIVIAN CORNER LAVATORY 1-117-J

Compact vitreous china corner lavatory with beveled panel back, integral china spout, splash lip and soap depression. Chromium-plated trim is the 8-9 Temple with *Dial-ese* controls and lever action *Securo* waste.

Size: 18 x 18 in. Basin: 16 x 11 in.

DREXEL CLOSET 3-120

Smartly styled in gleaming vitreous china, this modern close-coupled closet is available with regular or elongated rim. Efficient whirlpool jet action assures quiet, positive flushing. White sheet covered seat. For elongated rim, specify *Drexel* 3-121.

Sizes: Overall height, 30 in. Width of tank, 21¾ in. Extension, wall to front—regular rim 28 in., elongated rim, 30 in.

The *Vivian* Powder Room is an interesting example of how compactness in fixture styling contributes to beauty and comfort even in small space. Especially noteworthy is the smart *Vivian* lavatory, which brings new usefulness to an otherwise wasted corner. The possibilities are many when a powder room, or a bathroom for that matter, is planned around the compact *Vivian* lavatory.

CLOSET SEATS

Closet seats for new fixtures or replacement are also available from the Crane Dealer. He can supply seats in solid plastic, *Mol-Tex*, hard rubber, sheet covered and wood. Seats illustrated are Crane-Line No. 50, available in black, white, plain colors or pearlescent finish, and No. 3-915 available in white, plain colors or pearl finish.

THE IMPORTANCE OF THE

hidden piping

Comfort and convenience are first considerations in the design of all Crane plumbing fixtures. But fixtures alone represent only part of a complete and working plumbing system.

Beneath the floor and behind the walls are the vital supply lines—the piping that brings fresh, clear water; the piping that carries away disease-breeding wastes. Because so much depends upon these hidden, but important supply lines, it is essential that the materials and installations be of the highest quality.

SEE YOUR CRANE DEALER

Whether you plan to build or are merely replacing a single out-moded plumbing fixture, it will pay you to depend upon the Crane Dealer who presents this book. His knowledge and skill in piping, plus the high quality Crane piping materials he uses, are your assurance of years of satisfactory, trouble-free service.
